*Unity through diversity is a theme which has been running through the Annie Wright School for some years. It is an appropriate theme for our school because we have a diverse and global community. The collegiality and understanding that is generated by trying to realize 'unity through diversity' belies its suggested paradox. Annie Wright School has been successful in creating coherence through a community which embraces broad diversity.*

*Human diversity extends beyond racial and cultural differences, for each of us is genetically unique. But what unites us is a duty to understand our common home, Earth, and our obligation to ensure its health for ourselves and the other organisms which inhabit it.*

*At Annie Wright there are students from different backgrounds, cultures, and races. We are each different, yet we all come for the same reason: to learn. Every person has his or her own qualities or talents which helps make the school community diverse.*

Both Middle School Soccer teams had great seasons. Coach Maureen Covington received great effort from her girls. With each game the girls became a stronger team. Bernie Unwin coached his group of boys through many exciting games. The boys struggled and played their ways to a truly great season.

# UPPER SCHOOL

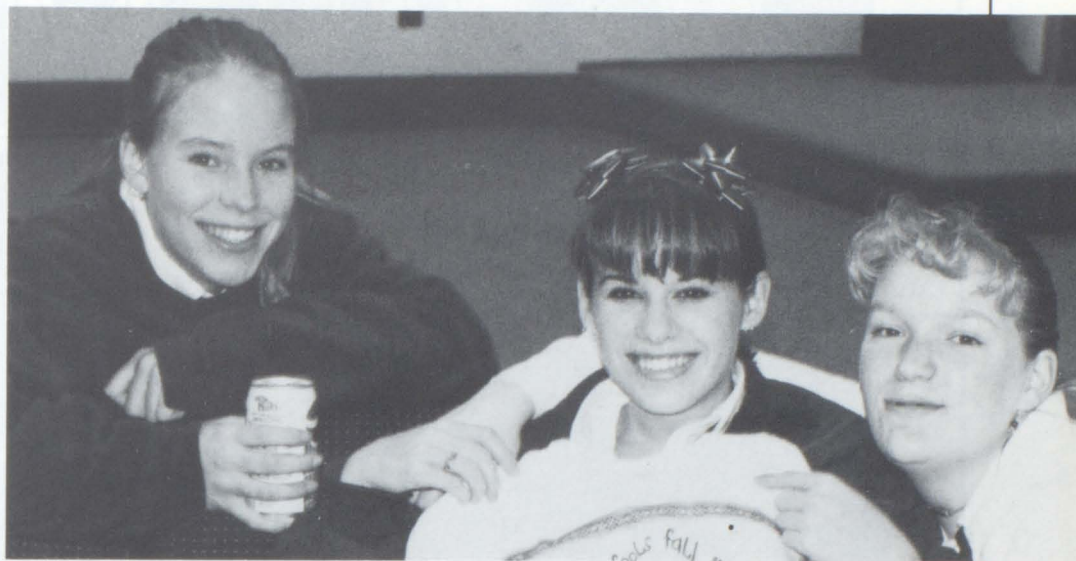

# STUDENT

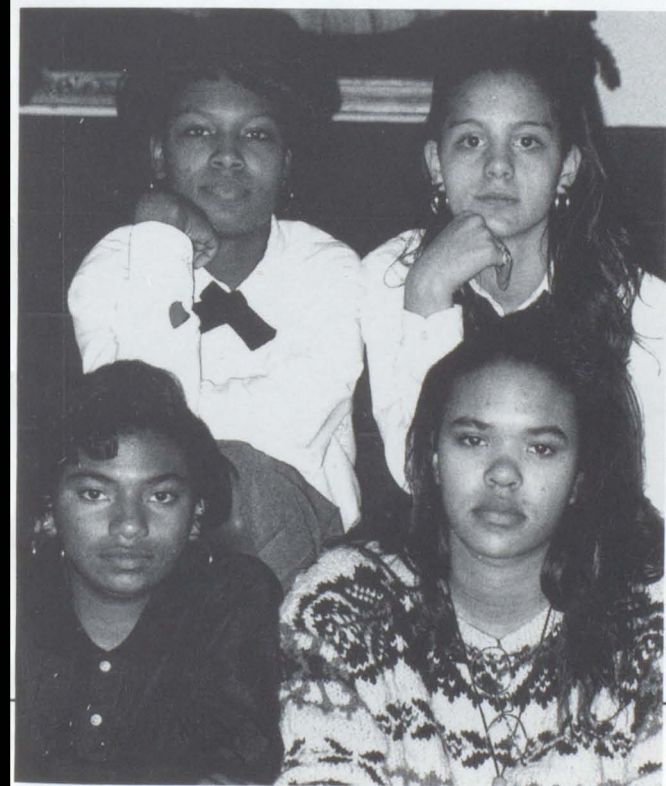

Unity through diversity is a continuing theme which has been particularly evident this year in the Annie Wright community. Pride and dedication could be found in all Upper School activities, such as Orientation, student only teas, Day Queen and community service. We began with enthusiasm and maintained our zeal throughout this year.

# DORM

Living in the dorm is a very unusual experience. There are many disadvantages and advantages. It means you have to give your home up for a new one. Imagine leaving your home of many years to live in school! Yet it also means new responsibilities and freedoms, giving you the liberty to feel you are on your own.

## The Lesson

Yes, my fretting,	Oh, remember	And you'll hear
Frowning child,	This simple	A silent voice:
I could cross	lesson,	
The room to you	Child,	"I would, child,
More easily.	And when	I would.
But I've already	In later years	But it's you,
Learned to walk,	You cry out	Not I,
So I make you	With tight fists	Who needs to
Come to me.	And tears—	try
Let go now—	"Oh, help me,	Godhood."
There!	God—please."—	
You see?	Just listen

*Hope is a thing with feathers  
That perches in the soul  
And sings the tune without the words  
And never stops at all.*

- Emily Dickinson -

I wish I knew  
How to make you happy  
Little bird - little bird  
You fly so high  
Sometimes I hear  
- a shrill song of pain  
- a mellow chirp of sadness.

I wish I knew  
How to make you happy  
Little bird - little bird  
You land on a branch  
So far away - far away  
- your silence is haunting  
- your motionless stance  
heart breaking  
Then with a quick flutter  
- you're high in the sky  
The indigo night surrounding you.

I wish I knew  
How to make you sing  
- a twittery song of joy  
- and dart to and fro  
in solar rays of love  
rather than the ice of lunar hours.

I wish I could hold you  
My fluttering little soul  
For I love the warmth of  
- your quickly beating heart.

This all school publication is compiled by a hard working group of students from each division. The staff writes, photographs and designs the pages that are a permanent record of the academic year. When the members of the all new sailing team first ventured out to the sea they had little or no idea how of to sail; most had never been in a sailboat in their life. This changed rapidly as they found themselves stuck in the middle of the ocean, drifting precariously backwards towards the shore. They soon learned how to maneuver their boat, how to take advantage of what little wind there was and even some “salty” sailor lingo. This all added up to a successful sailing season, thanks to the excellent coaching of Mr. King, and all the students invoved.

# SAILING

"O'er the bounding

# CROSS

Cross country is a gutsy sport for people who look to challenge themselves. This year, AWS had a particularly dedicated team. One high point of the season was watching students realizing the hard work required to reach higher goals, and seeing them find the courage and enthusiasm to achieve them! While the team did not qualify for the state meet this year, they did move to a new plateau of dedication and experience. We hope to have many participants next year, so get those jogging shoes out of the closet.

"These are the times to remember  
Cause they will not last forever.  
These are the days to hold on to,  
But we won't, although we'll want to.  
These are the times,  
But times are going to change.  
You've given us the best of you ..."

NOW WE WISH THE BEST FOR YOU!
